"Don't be Fooled!"

Drug Prevention Illusion Programs

THE MESSAGES:

The "Don't be Fooled! Drug Prevention Illusion Programs" are strong "no use" drug education presentations. Both programs relate basic drug information such as the proper definition of drugs and the ramifications of drug use. More than just reminders to say no, these educational programs also address ways to develop healthy decision making and refusal skills. All messages are consistent with the guidelines of state and federal recommendations, as well as the philosophies of programs such as DARE and "Just Say No" clubs.

COMEDY STAND-UP:

The Comedy Stand-Up Magic Show is a one-person forty minute long illusion performance. It incorporates unique magic effects, comedy talk routines, and whimsical volunteer situations. Utilizing a talk-presentation format, illusion and sleight-of-hand effects are used as visual aids and communication tools to parallel and illustrate various drug prevention messages. Content includes the proper definition of drugs, ramifications of drug use, legal, moral, and personal considerations. The program provides optimum mobility and is ideal for use where multiple

programs are presented on the same day at different locations. Schools can also network together to receive discount rates.

THEATRE OF MAGIC:

The spectacular THEATRE OF MAGIC program contains similar prevention content, but it also provides several of the larger classic stage illusion effects such as the sword cabinet and floating a lady in the air! The program also provides fast-paced magic and music, hilarious talk routines, and comical volunteer segments. This full-scale theatrical performance is ideal for larger audiences, such as for rallies and forums. The program can run a full hour in length and can include theatrical lighting, self-contained sound system, and free-standing scenery so that it can play in most performing environments.
